

## Decaf English Breakfast Latte (Plant Based)

From the Teas.co.uk wiki

Here's a tea latte you can have last thing at night: a decaf English breakfast latte on plant milk, creamy and warming with nothing to keep you up. Decaf and plant milk together throw up two problems, weak tea and curdled milk, so you brew a strong, short concentrate and add barista milk the right way round.

It uses Teapigs Decaf English Breakfast, a full-bodied caffeine-free black tea. Ten minutes, dairy-free, and fine before bed.
