Decaf English Breakfast Granita

From the teas.co.uk wiki

This is the dessert you can put out at the end of a late dinner without anyone lying awake: a decaf English breakfast granita, brewed strong with lemon, frozen and scraped into icy flakes. No ice cream machine needed, just a fork and a bit of patience between forkings.

This granita starts from Teapigs Decaf English Breakfast, a black tea with full body and no caffeine. Fifteen minutes of work, a few hours in the freezer, serves six.
