Chamomile Flowers Latte (Plant Based)

From the teas.co.uk wiki

A chamomile latte on plant milk is about the gentlest warm drink you can make: a strong honeyed chamomile concentrate under frothed oat or soya, with a little vanilla and honey. Chamomile's apple-floral character sits happily with creamy milk, so it comes out soft and comforting rather than odd. Caffeine-free, and a nice one for the evening.

The concentrate comes from Teapigs Chamomile Flowers, which are a pure infusion of flowers, caffeine free. Ten minutes, dairy-free.
