

Chamomile Flowers Granita

From the Teas.co.uk wiki

A chamomile granita is a quietly special way to use the flowers: chamomile frozen and forked into soft golden flakes, honeyed and lightly sweet. It's lovely on its own with a squeeze of lemon, but it really comes into its own spooned over poached fruit. Caffeine-free, and almost no work.

It uses Teapigs Chamomile Flowers, a pure caffeine-free flower infusion. Fifteen minutes of work, a few hours freezing, serves six small.
