

Earl Grey Strong Granita

From the Teas.co.uk wiki

An Earl Grey granita is a perfumed, grown-up iced dessert: bold bergamot tea frozen and forked into scented icy flakes. The strength of the blend matters, because freezing flattens flavour, so a delicate Earl Grey would taste of almost nothing while this keeps its bergamot. Lovely with a little orange, or a splash of gin for the adults.

It uses Teapigs Earl Grey Strong, a bold whole-leaf bergamot black tea. Fifteen minutes of work, a few hours freezing, serves six.
