Supreme Matcha Green Latte

From the teas.co.uk wiki

This is the cafe matcha latte made from a teabag rather than whisked powder: one Pukka Supreme Matcha Green bag brewed into a strong, almost opaque jade concentrate, then poured into warmed, frothed barista oat milk. Unlike plain green tea, matcha has the intensity to carry through milk, which is why the matcha latte works where a green-tea latte falls flat. A thin drizzle of yuzu honey finishes it, the natural Japanese partner.

It uses Pukka Organic Supreme Matcha Green. Barista oat holds the foam best; standard oat splits on the matcha tannin.
