

Vanilla Rooibos Hot Chocolate

From the Teas.co.uk wiki

A hot chocolate for the evening, made properly with real dark chocolate rather than a sachet, and with no caffeine to keep you up. The difference here is that the milk is steeped with Dragonfly Organic Vanilla Rooibos first, so the vanilla and the gentle honey-malt of the tea carry through and meet the bitterness of the chocolate halfway.

The order of work matters. Pull the bags from warm milk rather than boiling it, then melt good 70% chocolate into that infused base with a pinch of salt. Done this way it drinks as one thing, smooth and rounded, rather than chocolate and tea sitting awkwardly side by side. A little whipped cream and a dusting of cinnamon finish it off.
