Alcohol-Free Mint Mojito

From the teas.co.uk wiki

A virgin mojito is one of the few alcohol-free drinks that really stands up to the original, because mint and lime, not rum, are what a mojito is about. This one leans on that: muddled lime and fresh mint in the glass, plus a small pour of cooled Dragonfly Organic Three Mint Medley to give it the body and herbal depth that the rum would normally provide.

The muddling is where it is won or lost. Press the lime wedges firmly to work out the juice and bruise the rind a little, but treat the mint gently, just a few light presses. Crush the mint hard and it turns bitter, giving up chlorophyll instead of the cool menthol oils you actually want. Lime takes pressure, mint takes a tap.
