# Iced Chocolate and Mint

From the teas.co.uk wiki

An iced dessert drink that tastes like a cold after-eight. It is built on Teapigs Chocolate and Mint, brewed extra-strong so the flavour survives the milk and ice, then poured over cubed ice with a little homemade cocoa syrup, cold milk and a grating of dark chocolate on top. The tea brings the mint and a base of chocolate; the cocoa syrup lifts the chocolate so it still reads once everything is cold.

Two tea temples rather than one is the key, as a single one disappears behind the milk. Make the cocoa syrup ahead and keep it in the fridge, and the drink comes together in a few minutes. Use oat milk to keep it vegan.
