Chocolate-Mint Oat Latte

From the teas.co.uk wiki

A warm, plant-based dessert latte that drinks like an after-eight. Two Teapigs Chocolate and Mint temples are brewed double-strength so the flavour carries through the milk, then poured over frothed oat milk and finished with cocoa, grated dark chocolate and a fresh mint leaf. It is caffeine-free, so it suits the evening, a gentler alternative to a coffee mocha.

Oat milk works best here; its mild sweetness sits well with the chocolate and mint. Sweeten with a little maple syrup and keep the foam thick, and you have a proper pudding in a glass.
