Peppermint Hot Chocolate with Tetley Peppermint

From the teas.co.uk wiki

A **peppermint hot chocolate** for a cold day, with the mint coming from a peppermint tea bag infused in the milk, not from a syrup or flavouring. Tetley Peppermint is caffeine-free, so it lends nothing but its clean, cooling mint to a proper warming mug of chocolate; the grown-up answer to an After Eight.

Infuse a little of the milk with the peppermint, whisk the chocolate into a smooth base, then bring it together and top with cream. A good hot chocolate powder works, though melting in some real dark chocolate makes it richer and more bittersweet. The same chocolate-and-mint pairing is lovely cold as an iced chocolate and mint, or scooped as mint chocolate chip ice cream.
