Iced Superfruit Pink Latte

From the teas.co.uk wiki

This is a make-ahead version of the pink latte: a strong berry-and-hibiscus concentrate brewed once and kept cold, so you can build a layered pink iced latte over coconut or oat milk in seconds any day of the week. It is served cold and layered, never hot, because hibiscus curdles hot plant milk.

The coconut or oat milk softens the fruity tartness, and pouring the cold concentrate slowly over the milk gives that pink ombre. Caffeine-free and dairy-free. Makes enough concentrate for about six.
