Iced Rooibos with Peach and Basil

From the teas.co.uk wiki

Iced peach and basil rooibos is a more grown-up iced tea than most. Peach is a natural match for rooibos, since the fruit's sweetness sits right on the leaf's honey-malt, and a handful of bruised basil is the surprise that ties it together, fresher against ripe stone fruit than the more obvious mint.

Brew the rooibos hot with peach wedges and basil so the flavours steep into it, sweeten lightly with honey, then crash it cold over ice. Fresh peach slices and a basil sprig in each glass keep it looking and tasting like summer.
