Chai Affogato

From the teas.co.uk wiki

Chai affogato swaps the espresso of the Italian original for a shot of strong chai, which works better than you might think, since a good chai is bold and spiced enough to stand up to a scoop of vanilla ice cream the way coffee does. Brew two Teapigs Chai temples down hard, then pour the hot concentrate straight over the ice cream at the table.

The hot tea melts the top of the scoop into a spiced cream while the middle stays firm, so you get both textures in the same glass. Chill the glasses first to buy yourself a few seconds, and eat it straight away, before it turns to soup.
