Dirty Chai

From the teas.co.uk wiki

Dirty chai is a chai latte with a shot of espresso pulled through it, and the coffee and the chai spices suit each other better than you might expect: the clove and cardamom of Twinings Dark Chai sit naturally alongside the bitterness of the espresso. It is the drink to make when a plain chai latte is not quite enough to get you going.

Brew the chai strong in a little water, add a shot of espresso, and top with steamed milk. The chai needs to be concentrated so it is not lost under the coffee and the milk.
