Iced Turmeric Lemonade

From the teas.co.uk wiki

Iced turmeric lemonade is a sharp, golden, alcohol-free cooler. Turmeric and lemon are a natural pair, both bright and a little earthy, and brewed strong then sharpened with plenty of fresh lemon juice and a little sugar, the tea makes a proper homemade lemonade rather than a watery iced tea.

Muddle a couple of mint sprigs in the base of the glass, build it over ice, and top with sparkling water for some fizz. Brew the tea double-strength to start, since the ice and the sparkling water will water it down as you go.
