

Iced Cucumber and Mint Cooler

From the Teas.co.uk wiki

This is the most refreshing way to drink the soursop and moringa blend on a hot day. Brew it strong, sweeten it lightly with honey, then build it over ice with cucumber, lime and mint, which turn the tea's creamy-tropical and green notes into something crisp and cooling, almost spa-like.

It is caffeine-free, so pour it whenever you fancy. Makes one tall glass.
