

Iced Salted Caramel Latte

From the Teas.co.uk wiki

Iced salted caramel latte is one of summer's most ordered coffees, and the sachet makes a very good one at home. The secret is to keep it strong: whisk the sachet into a thick syrup with just a splash of hot water, so the milk and ice cannot dilute it.

Build it over plenty of ice, lengthen with cold milk, then drizzle caramel and add a pinch of salt to finish. Makes one tall glass.
