Frozen Berry Pops

From the teas.co.uk wiki

These are simple, refreshing ice pops made mostly from the rosehip and raspberry tea itself, with a little apple juice and honey for sweetness and whole raspberries frozen inside. Brew the tea strong so the flavour holds up once frozen, sweeten it lightly, then pour into moulds with the berries and freeze.

They are a good way to use a fruit tea in summer, and an easy one to make with children. Makes six.
