Iced Peach and Mango Tea

From the teas.co.uk wiki

Peach and mango tea was practically made to be drunk cold. The trick is to brew it double strength so it still tastes of something once the ice has melted a little, then let it cool right down before it goes near the glass. A couple of fresh peach slices and a sprig of mint, clapped between your hands to wake it up, turn a plain glass of iced tea into something you would happily hand a guest.
