Dairy-Free Rooibos Caramel Latte

From the teas.co.uk wiki

If you love a latte but not what caffeine does to your evening, rooibos is the answer. It froths up into a 'red latte' every bit as cosy as the coffee-shop kind, with none of the buzz. Build it on oat milk and it stays plant-based, with a soft natural sweetness the oat throws in for free, and the creme caramel flavour means a single teaspoon of caramel is all the extra it needs.
