Iced Lemongrass Tea

From the teas.co.uk wiki

Few things are as refreshing on a hot day as iced lemongrass. It is clean, citrusy and completely caffeine-free, so you can drink it by the jugful without a second thought. A wheel of lemon sharpens it, and a little mint, clapped between your hands first, lifts the whole glass. Brew it strong and let it cool properly, so the flavour still holds up once the ice goes in.
