Cold Brew Green Tea with Peach

From the teas.co.uk wiki

Cold water is green tea's friend. Because nothing ever gets hot, the harsh, bitter compounds a hot pot pulls out never get the chance, so you are left with something smooth, naturally sweet and very easy to drink. Slices of fresh peach steeped in alongside the bags do the rest. There is nothing to time carefully and nothing to ruin: leave it overnight and strain it in the morning.
