Iced Matcha

From the teas.co.uk wiki

Iced matcha has become a cafe staple, and it is one of the easiest cold drinks to make properly at home. Because matcha is powdered leaf, it does not turn bitter over ice the way a steeped green tea can, so it stays fresh and vivid right to the bottom of the glass. Whisk it into a smooth concentrate first, then pour it over ice and lengthen it however you like: cold milk for a creamy iced matcha latte, or cold water for a cleaner, sharper version.
