

Toffee Nut Buttercream

From the Teas.co.uk wiki

Toffee nut buttercream gives you a caramel-and-nut icing without a cupboard full of ingredients: the flavour comes from a single latte sachet whisked into a paste and beaten through soft butter and icing sugar. A spoonful of crushed pecans folded in at the end adds a bit of crunch and leans into the nutty side. It is lovely on coffee, banana or chocolate cupcakes, or piped between the layers of a coffee cake.
