Iced Camomile with Lemon

From the teas.co.uk wiki

Camomile makes a surprisingly good iced tea, far from just an evening drink. Cold, its soft apple-and-honey character comes through clearly, and a wheel of lemon sharpens it into something properly refreshing rather than sleepy. Because it is caffeine-free, it is an easy one to drink through a warm afternoon when you do not want another caffeinated glass. Brew it strong so the delicate flavour holds up over ice.
