Vanilla Chai Tres Leches Cake

From the teas.co.uk wiki

Tres leches is the Latin American 'three milks' cake, a light sponge drenched in a mix of condensed, evaporated and whole milk until it is soft and wet through. Here a vanilla chai powder is whisked into that soak, shifting it into warm, spiced territory. It is easy and made ahead: chilled, then dressed with just whipped cream and a dust of cinnamon.

It is meant to eat wetter than a normal sponge; that softness is the whole point of a tres leches.
