Soursop Coconut Latte

From the teas.co.uk wiki

Soursop and coconut is a classic Caribbean pairing, and it makes a lovely dairy-free latte. The soursop tea has a soft, creamy tropical character that takes to coconut milk naturally, so you get a warm, fruity, plant-based cup with no coffee in sight. Brew the tea strong, since it has to stand up to the coconut milk, and froth the milk for a proper foamy cap.

A good slow-morning alternative for anyone who does not drink coffee.
