Soursop Granita

From the teas.co.uk wiki

A frozen taste of the Caribbean: strong soursop tea, sweetened and sharpened with fresh lime, frozen flat and raked into pale-yellow, snowy flakes. Soursop has a soft, creamy-tropical character that turns out beautifully cold, and the lime keeps it bright rather than sweet. It is all about the scraping, a fork dragged through the tray every half hour, which is what keeps the crystals loose and fluffy instead of one solid block.

Lovely with a strip of fresh pineapple and a pinch of toasted coconut.
