Lemongrass Affogato with Mango Sorbet

From the teas.co.uk wiki

This is a little Thai-leaning pudding that comes together in minutes. Warm coconut milk is steeped strong with lemongrass, then poured over cold mango sorbet so the two melt into each other, half warm and creamy, half cold and fruity.

Lemongrass, coconut and mango is a trio borrowed straight from Thai puddings, and it works just as well in a glass. Eat it the moment you pour, while the contrast is at its best.
