

## Cold-Brewed Twinings Pure Green Decaf (Overnight Method)

From the Teas.co.uk wiki

For Twinings Pure Green Decaf, the kindest method is no heat at all. Leave the bags in cold water in the fridge overnight and the leaf gives up its flavour slowly, so you get a soft, naturally sweet green tea with hardly any of the bitterness or grip that hot brewing can bring. Being caffeine-free, it makes an easy jug to keep on hand and pour whenever you fancy a glass.
